

THE INDEPENDENCE BUREAU OF ETHIOPIAN PATRIOTS AND CONCERNS

DECLARATION XVII

BERTUKAN, BRHANU AND BROOK'S ACT-V(አምስተኛ)

Dear fellow members in Ethiopia and else where in the world

As you all know, the current problem with in the heroic and patriotic Ethiopian organization, namely KINIJJIT, has not gone away as we ambitiously expected it. Sad as it is, the worst of all is claiming the name of the PARTY by both sides of the delegates. Troubling, though, for us and the Ethiopian people, this confusion and proprietorship of the name of the organization has to come to an end.

The independence bureau on its emergency Meeting To Day, The 28th September, 2007 (Meskerem 17, 2000 EC) has deliberated the following He or She or in between, got the response, the best tool to conquer is to ignore.

-since the name Kinjit is very much attached to the cause of unity and democracy movement in Ethiopia

Where as, the name Kinjit is a holly and dear emblem of the struggle against Woyane and it shall remain as such by the following bill and shall be called **the Meskel-Inkutatash Act**

Where as, the name was a banner in defeating the 2005 election against Woyane, TPLF regime by a very sizable margin in the popular election

Where as, it was a sign of referendum to oust Woyane and its constitution

Where as, the Kinjit faction is full engaged with dealing and wheeling with the Woyane/tplf regime

Where as, the named faction has reached to a point of no return in dining and wining with the renegade Lidetu faction

We, the bureau members, after a heated but patriotic debate have passed the following decision as suggested by one loosely attached member.

The name Kinjit as of today remains an Ethiopian treasure and shall be used only by Kinjit under the leadership of the duly elected chair person, chairman **Engineer Hailu Shawel**.

Considering the argument, once again, the bureau has accepted the argument that the other group led by the honorable Supreme Court judge, **Birtukan**, and her party associate, Dr. **Birhanu** and Ato **Brook** and the rest shall be named **factions of Kinjit** and have no right to use the name as argued in front of us.

(Historical references have been sited and are exhibited for future references). This faction, as of this date; Meskerem 17/2000 EC shall be referred to as:

The **BBB group. or the Bad Bussiness Breauue group.**

The suggestion was very painful to ignore and the decision was fair. Appeal not warranted

All members of our organization shall enforce this act as soon as possible.

The IBOEP and concerns

The individual who suggest this name and argued eloquently in front of us has been accepted as full member of our organization and a medal of honor is scheduled to be awarded.

the office of registrar has been directed to distribute this act to all Ethiopian concerns and dis-concerns including the Woyane regime and its affiliates, aiga-tewot.org, the **BBB** group, ER and (aka Eritrean review) alike
