

The hall of shamers and their spinner websites

The main reason that hurts us most is our level of understanding of the environment we live in and our surroundings, thus in our case not identifying wolves in sheep skin and vultures as mercy givers and liberators. I used to believe the saying “you can fool some people some time but you can not fool all the people all the time” I was wrong believing that phrase, thinking people are smart and they can not be fooled repeatedly many many times, particularly in this day and age where any one can verify things easily and without much effort. Regarding Kinjit's dilemma I am disgusted by the continuation of grouping of ethnicity and village buddy system displayed in every city of North America by Dr Berhanu's group. I challenge every Ethiopian to disprove my assumption that in every city of North America at least 99% the so called agitators are from the same village or group as Berhanu Nega and Berhane Mewa. Do not jump on me, I am not an ethnicist but a scientist, and as a scientist I did some social experiment this last week, I called friends on about a dozen or so cities in north America and to my surprise the people who are hijacking kinijit are either friends, village buddies and or in-laws to one of the collective shamers of Kinijit. Again I challenge every Ethiopian to do their homework and see who in your city is working with Berhane Mewa or Andargachew Tsige to destroy Kinijit? Please Email me the result, if the trend continued the same way I started, then you will find who this coup deta't belongs to. I am hundred percent confident the outcome will be the same. So my fellow Ethiopians you ought to yourself to find out who is who in this disgusting drama and let's catch the devil by its horn in turn we will separate the good from the bad and the ugly. Please do it and prove me wrong. Once we completed with our little experiment I will tabulate their names and their relationships and show it as evidence to all the Ethiopian Diaspora in the world. This my friends is how politics is done, by finding the truth the whole truth nothing but the truth with supporting evidence.

This last few weeks what we hear is a lie as a truth the truth as a lie, some medias are partisan or may I say tribal spinners, heroes are pushed aside pretenders are elevated, leaders are fallen, cowards are heroes, good deeds are smashed, talkatives are applauded. You may think this happens in a bizarre world but not in your backyard; yes this is happening to all of us, with a fanfare a big drama by paid agents and anti Ethiopia elements just for the money. As the saying goes who needs an enemy with friends like Berhanu and his groupies who want to appease woyanie in every turn by destroying the hope of Ethiopia for simple shillings from a foreign power, may I say cheers to the hall of shamers? People shouldn't be confused, it is very clear. Let me explain in simple terms of what happened to Kinijit. **Berhanu Nega and his groupies agreed with Lidetu to work with woyanie by a foreign sponsored meeting in Washington DC, everything is finished, done there is no going back.** All the rest is history, they are only going around like crazy trying to get your money. Say no to kehadis and stick with Ethiopia or join the kehadis and abandon Ethiopia there is no middle ground or other alternative. What makes me sick is they are trying to blame this on Hailu Shawel by spinning it left and right.

I see a trend of division in websites and bloggers too, let's start with Ethiopian review Elias Kifle I don't want to spent too much time for this guy, the guy is sick I concluded his abnormality when he start calling eng. Hailu Shawel names. Remember when he was calling everybody name siding with Lidetu during the election? He is a flip flopper thus a target for hire to spin. The man has no principle, no stand and no human dignity at all. You can buy this kind of character any time thus the cable guy is sold. Even today he is telling us people in masses from bay area are waiting in

Oakland airport to receive the delegates as the same time the Oakland area elected kinjit support committee announced they don't want to entertain divided Kinijit. Elias Kifle is Spinner number one.

Next, Addisvoice.com, I am surprised this blogger sided with Berhanu's group and attacking Hailu Shawel or Dr Taye for embezzlement without any proof what so ever. Neither Abebe Gelaw nor Elias Kifle showed us any evidence about the money they claim allegedly stolen by Shaleqa's group. I say to them where is the beef? Bring the evidence or shut up. Instead here is the funny part, the Las Vegas Kinijit chapter came out a few days ago with announcement that the Berhane Tsige group took the money from the Vegas chapter and they are ready and have the proof to present to Kinijit. What an irony thieves are trustworthy is that the message from this spinners ER and Addis voice? Here is some thing from Addis voice

“Vice President of Kinijit Ms Bertukan Mediksa has appealed to Ing. Hailu Shawel to thrash out any differences he may have with the high level delegation on a working tour in the United States. She made the appeal on Saturday at a public gathering in Boston. Many believe that the Chairman should heed to the appeal and take Kinijit out of the current crisis without any damaging rift within the party”(WWW.addisvoice.com)

this is spinning at its best I laughed like I never laughed before when I read the above statement, I ask every Ethiopian to go to Ethiolin.com and listen to what Ayalnesh Chanyalew (Alamoudi's Sheraton agent and Berhane Mewa assignee to Kil NA as vice chair woman) said on an interview, “the delegates when they get back to Ethiopia already decided to work with Lidetu Ayalew”. You don't have to believe me you want to here it for yourself. If the splinter committee decided to work with Lidetu Ayalew why is Addisvoice trying to convince us that Birtukan is crying for help? I say to this (**LEMAYAWUKISH TATEGN**). Kinijit with Hailu Shawel leadership kicked out Lidetu because he was a spy and a coward thus no reason for Hailu Shawel to go down to work with a known banda. I never seen any idea from Hailu Shawel's group entertained by either Ethiopian review, Addis voice, Ethiomedia or Ethiozagol because they are censoring every document that shows a slight support to Engineer Hailu Shawel. Addis voice Abebe Gelaw- Spinner number two

Ethiomedia.Com, this guy Abreherha Belai is a smooth operator. He wanted to be in the middle first but gave up I guess they show him the money, he is now a full fledged Berhanu's groupie or may be he has a bigger goal. Even his so called senior editor? Lulit Mesfin openly belittled Eng Hailu Shawel in her Email to one poor Ethiopian (WWW.debtteraw.com). But what is amazing about these spinners is they try to tell us about democracy. Let's see how their democracy works. In Seattle there is a democratic elected Kinijit support group; this group with good intention not liking the division within Kinijit wrote an open letter not to accept the delegate if they come divided. Ethiomedia living in the same city didn't put their call in their website instead, they followed a single person from one of Berhane Mewa's village buddy who has no authority prepared a flyer to accept the hall of shamers and Ethiomedia wrote the following;

“Starting today, the talk and worry in Seattle is how to welcome and make the leaders visiting Seattle feel at home during their three-day stay in the Emerald City. It is with great pride and excitement that Ethiopians from Oregon, Washington and Vancouver, Canada are eagerly waiting to welcome the founding Fathers of Ethiopian Democracy, BC in Canada” (www.ethiomedia.com)

This is a complete spin and a fabricated lie to use Ethiopians who live in Seattle for their dirty purpose, only a few people in collaboration with Ethiomedia website trying to make it as if the mass is waiting. Go to the following sites and read it yourself.

WWW.ethiolion.com or www.debteraw.com

Open letter from Seattle to Kinijit leaders (Amharic pdf)

From dissenting Executive Members of the Oakland Kinijit Support Chapter

So I have a question to Mr. Abreha Belai, is this the type of democracy? The Seattle Kinijit chapter elected representative says no to division and you and your buddies are deciding to spin for the hall of shamers. Aren't you saying the hell with Ethiopians? Or is the pasture green? I think by being a party to the kehadis, you personally are hitting two birds with one stone. Good for you finally your effort is paying off for you main purpose. Ethiomedia Abreha Belai Spinner number three.

The other one is EthioZagol known also as Semnawork, I had high respect for this blogger but he showed me his real face. He becomes the worst spinner. Residing in Ethiopia he is blogging for Berhanu's groupies only. Go to his blog see the comments section and read peoples response they are disgusted about his stand, they are telling him like it is. EthioZagol Spinner number four.

Know your enemy, beware of the Spinners and modern day flip floppers

Truth will prevail

Ethiopia will rise again with her true sons and daughters
